VIP Service

Spoil yourself before or after your trip. We will provide you with a separate, VIP parking space directly adjacent to Terminal 2 and will meet you right at your vehicle. Afterwards, enjoy your time at the airport in the pleasant atmosphere of our Airport Lounge, with a panoramic view over the apron. With a range of international newspapers, a well-stocked bar, light snacks, TV and internet access, all your needs are catered for.

In the meantime, we will take care of your check-in or check-out formalities and your baggage. Of course we will accompany you to your plane or pick you up there. Special VIP cars or busses will be provided if you are departing or arriving at a remote position.

You can be sure of a relaxing start and a pleasant end to your travels.
